

# Meet Landon

Landon is a 10-year-old boy who enjoys being busy exploring the outdoors. In the summer months, he loves swimming, rollerblading, and outdoor projects. Landon is very smart with a mechanical mind. He understands how things work and how to put them back together. Landon enjoys one-on-one adult time and participating in activities with adults like cooking.

Landon would benefit from a family where he is the youngest, and a family who is active and enjoys doing outside activities. A family for Landon needs to be able to manage big emotions, have patience, and be willing to teach healthy boundaries.

The family that would be best for Landon would be one with previous parenting experience, who can give him the time and attention he needs. Landon also has a sibling that he will need to remain in contact with.
