# BUILDING CONNECTIONS

FARGO

HOSTED BY NEXUS-PATH FAMILY HEALING  
THURSDAY, MAY 8, 2025 | CRAFTWELL | 5:00 – 7:00 P.M.

Charlotte, 5 years old, started her kindergarten year of school extremely dysregulated. She would not last more than 10 minutes in her classroom before exhibiting some form of challenging behavior.

Charlotte was referred to Nexus-PATH's School-Linked Mental Health Services. Her case manager worked with both her and her parents to build relationships and identify what she needed to be successful. Charlotte began seeing a therapist through the Nexus-PATH community mental health clinic and was referred to occupational therapy.

At school they created an Individualized Education Plan. Charlotte is now able to focus in the classroom and has built trusting relationship with school staff and her peers.

At Nexus-PATH Family Healing, we provide community mental health services, foster care, and residential treatment to help children struggling with emotional, behavioral, and mental health issues — and the families who love them. We're especially passionate about bringing hope to even the most challenging situations.

**Please join us as a sponsor for 2025 Building Connections - Fargo.** This event offers the opportunity for community leaders to learn about the current youth mental health crisis, and explore ways to join with Nexus-PATH Family Healing to improve the lives of children and families in North Dakota.

When you support Nexus-PATH, you are creating the possibility of healthier children, hope for families, more stable communities, and a better world — now and into the future.

**“My foster parents helped me see the good even in a terrible time. They were so great to me.”**

## Our Impact

Nexus-PATH Family Healing is part of Nexus Family Healing, a national nonprofit network of mental health agencies providing innovative, customized help for children struggling with emotional, behavioral and mental health issues — and the families who love them. Nexus-PATH restores hope for thousands of children and families who come to us for foster care, community mental health services, and residential treatment across North Dakota. For over 30 years, our agency has used innovative, personalized approaches to heal trauma, break cycles of harm, and reshape futures. We believe every child is worth it — and every family matters.
